#### Introduction

Butajira city Council like other S/N/N/P/kegion city Councils had started its work on June 20<sup>th</sup>,2003 Before it has been city council Butajira city had brany problem like aproblems of good governance and Development. The establixhn=ment of the city council was mainly to solve the problems and to improve the life of the people lives in the city.

To handle the change on the overall area of the city the administration have dlt types of form until the villages. These formation would create suitable condition for the administration.

As the city had been in meskan wereda, it hadn't have enough in formation whichwould be the beginning of the development. So to gather the dates and information the Butajira plan statistics and population teen had devoted on getting informations from the Gurage zone & the region. So we would like to promise that to carrect and improve the given datas if they had errors.

#### 1. Establishment of Butajera Town

Butajira has been administrated on S/N/N/P Region and on Gurage Zone, on its location Butajira is found from the Southern region North- east and from Addis Ababa on the South west locateion And also it is found in the road b/n from Addis Ababa to Hossan on 134km from A.A and It is also found 48 km from Ziway.

The town is found at altitude 2000 meter above sea level. Its annual rain fall from 900-1400 mm and its average temperate is 21°c.

In 1996 E.C /2004/ the population of the town will be estimated 33490. The total area of the town is 1100 Hectare. Starting from May 2003/ Ginbot 1995E.C/ Butajera has been one of the 19 reform town on SNNPR and to be suitable for administration it has divided in to Kebles, 10 minor Kebles and 51 Villages.

Specially on two places namely "Meskan Koto" the Minor Adiminstration of Dejazmach Kebede Guangul and Shail Dingil" Dobi" Minor Administrator both of them agreed to come to Butajira and made their special Adiministration by the order of "Ras Mulugeta" So the establishment of the town was for thir Administrations by the order of Ras Mulugeta.

Writer called doctor Desta Shemebo his on literature called "Epidemiology of public health research and action in developing society the Butajira rural Health in Ethiopia" describes Butajira its name from merchamts who came from different areas. The town was their pass to Addis Abeba in the town there was criminal/ "Shefta "/ Called Buta, he was aknown robbery the Oromo merchant who passed to Addis to check whether the robbery 'Buta' was present or not. They asked "Buta -Jira /, present means Jira in ormo. As aresult, The town Called Butajira.

The town was expanded gradually and the previous Ras Desta school now called Butajra primary school was established in (1946 £1938 E.C).

The town, as we mentioned on the above expanded gradually and the Butajira municipal was established in 1964. Sources of information and documents argued on this fact. On Butajira municipal establishment \ Negarit news paper on 30<sup>th</sup> March, 74<sup>ts</sup> edition explains to control the houses and places the municipal established on 3rd rank and got its legal base. It also describes it was managed by Mayor and Town representatives. In addition other institutions & sectors, like Butajera Junior school and Commercial Bank of Ethiopia etc was established gradually and started to develop and still the town was in agreat improvement. The age of Burajira is 76 years old.
